

Neighbourhood Plan

Your neighbourhood; your future

KEY THEME 3 - LOCAL ECONOMY

Your Views - What do you think?

POSSIBLE ISSUES TO CONSIDER

1. To gather an understanding of **employment needs**, threats to existing business and opportunities for sustainable growth, including an understanding of our residents' aspirations.
2. To carry out a robust assessment of the suitability of existing employment sites and **potential sites for development** opportunities to provide further employment within the Parish.
3. To ensure sympathetic and **quality design** and **building standards** for all new development.
4. To ensure that transport infrastructure relating to proposed development **minimises unnecessary traffic** flow in the village.

What other employment do we need if any? What business should we attract to the village to aid employment? Should consideration be given to providing small business units?

What facilities would help if you are self employed?
Would you consider starting a business in Wootton?
Do you think commercial space in the village would be useful?
